

Enrolment Management Plan of Bucasia State School

Bucasia State School
Oceans of Success | Live & Learn

Local Catchment Area - A school's local catchment area is the geographical area from which the school is to have its core intake of students. A catchment map defines the catchment area for Bucasia State School. A hard copy of this map is available at the school's administration building and it can be viewed online at <http://statistics.oesr.qld.gov.au/reverse-proxy/schools/catchment/catchmentmaps/>.

Enrolment Policy

Students within catchment

Any student, whose principal place of residence is within the school's catchment area/s, is (subject to the *Education (General Provisions) Act 2006*) eligible for enrolment at the school. The school Principal will hold places for students who relocate to within the catchment area throughout the school year.

Parents or legal guardians who wish to enrol their child at the school will need to demonstrate that the student's principal place of residence is within the catchment area. Current proof of residency at the address indicated can be provided by way of one of each of the following:

- One primary source – a current lease agreement, or driver's licence, or unconditional sale agreement, **and**
- One secondary source – a utility bill (e.g. electricity, gas), or rates notice showing this same address and Parent's/legal guardian's name.

If the Principal is not satisfied that the documentation provided by an applicant demonstrates adequately that the address stated is the student's principal place of residence, then the Principal may request further sources of proof of residence, such as an additional utility bill (e.g. water) showing the same address.

The Principal may also request a properly sworn Statutory Declaration from the enrolling parent or legal guardian attesting that the student's principal place of residence is the place nominated in the enrolment application.

Applicants should note that a false statement / assertion about the student's principal place of residence may amount to an offence and may be reported to police. The school Principal may repeal a decision to enrol a student in such circumstances.

Other students outside the catchment area deemed to be eligible for enrolment

The following groups of students will be deemed as eligible for enrolment, even though they may reside outside the school's catchment area:

- Children and young people who are subject to child protection orders that grant guardianship or custody to the Chief Executive Officer of the Department of Communities, Child Safety and Disability Services (Child Safety Services)
- Siblings of current students at the school (excluding siblings of Program of Excellence students). Where a school has both a primary and secondary campus, siblings are only eligible to enrol in the same campus as the currently enrolled student
- Students whose parent or legal guardian is employed by the school
- Students who live outside the catchment area and are verified with a disability can enrol in the school to attend the specialised disability program if it is the closest program to their home and meets their individualised needs
- Students who have been excluded from a school other than this school, dependent upon the conditions related to the exclusion, as determined by the Regional Director.

Out of Catchment Enrolments

Enrolment of students from outside the local catchment area will be managed to ensure that the total current and forecast enrolments do not exceed the school's current capacity and, where applicable, will ensure there is an even spread of students across year levels or class groupings.

Students from outside the school's catchment area applying for enrolment at that school are placed on a waiting list in order of receipt of application.
